A STRONG PLEA FOR GAME COMMISSIONER

Sporting Editor, The Times-Dispatch; Sir,—Our next General Assembly convenes in January, and there will be much important work before them. Varied interests will be clamforing for legislation in which they are interested, and it will require study and time to see that the new laws asked for are the best for the body politic and devoid of special interest features. These men will not have the time to give all matters that study they would like, and will be guided in a great measure by the opinious of their constituents known to them as men of high character, honest intent and sound great measure by the opinions of their constituents known to them as men of high character, honest intent and sound judgment. Therefore, I urge the sportsmen to give the matter of creating the office of State Game Commissioner at this session careful thought.

Considering the fact that everything is new-balls, pins and alleys—some very creditable scores have been made. Beck, Ellis, Bailey, Peck, Davis, Heppert and Briggs have been doing some fine bowling at the big pins, while the little mes were forced to fall before the onslaughts of Sellers, Chapin, Sledd, Lohmann, Conners, Chapel, Hatcher, Wrein and others.

Bowling

The Times-Dispatch League teams played their regular scheduled games ast night on the Newport Alicys, and all of the players showed improvement over last week's scores. The trouslesome bunch of Ding Bats continues to get stronger as the season grows older. They captured all three games from their opponents, the wonderful Mutts. Captain Goode put up a good game, and Ross came in strong in the last game with 170 for his score. Edebiut seemed to have an off night and could not locate the head pin. Burks showed class for the Ding Bats, and put up a nice exhibition, when he came in with 201 for high score and 518 for high total. Hayee also did fine work for his team by rolling a total of 512 in the times games. The Times-Dispatch League teams

The fittle Jeffs and the Stim Jims began an argument immediately after the first Sties, and when it wag, all over the Jeffs had three more games to add to their big lead in the percentage column, Captain Helfert was 'way off in his rolling. Magarian did well, and played a good, consistent game. Williams also made a good showing. Captain Green could not get his arm to work, and he fell down on his games. Edelblut made a good run in the final game and crossed the line with 171 for high game. The scores follow:

Ile Declares Major-General Wood Has Changed Front.

Washington. December 19.—Representative James Hay, of Virginia, chairman of the House Military Affairs Committee, yesterday issued a statement replying to the criticism of his army reorganization bill contained in the annual report of Major-Geheral Leonard Wood, chief of staff of the army, which was made public Sunday. Mr. Hay declares that General Wood has changed front since he appeared before the committee last summer. He insists that the provisions of his measure to which the chief of staff officets, principally the consolidation of the quartermaster, commissary and paymaster departments, extension of enlistment term, and merging of adjutant-generals and paymaster-generals departments of the general staff, will reduce expenses and increase the efficiency of the army. The Hay bill will be considered when the army appropriation measure comes before the House.
